

Geneva, 12 January 2022

LETTER FROM THE CHAIR

2021 - 2022

The instability of the situation created by the pandemic meant that we have had to keep adapting all the time. We were able to launch the Eric Horovitz Foundation as part of GemGenève (international gems and jewels fair) on 3 November 2021, during a press conference.

The objective of our Foundation is to support the continuing education of talented young jewellers. At GemGenève, we awarded the very first Eric Horovitz Foundation Favourites (*Coup de Cœur de la Fondation Eric Horovitz*) Prize to Hugo Massy, for his ring "Gold&Black".

I met Mr Massy at his school (ETVJ, École Technique de la Vallée de Joux) with the director of the school, Mr Schuetz, and the dean, Mr Monnin. We were able to make his acquaintance and speak to him about his professional plans to put together a continuing training plan. A decision will be made at the start of January 2022.

We have lots of plans for 2022! I invite you to visit our website (erichorovitz.ch) for more information on our activities.

Yours faithfully,

Christine Horovitz

Chair of the Eric Horovitz Foundation
